

Flora Moon is Sustainability Practice Director at Expressworks.

For over 15 years she has guided petrochemical clients like DuPont, Williams, Halliburton and Chevron to navigate systemic and cultural change. In April 2016 she moderated the SPE panel on Sustainability and Performance in Stavanger, Norway. She serves on the Executive committee of the Society of Petroleum Engineers Sustainability Technical Section and co-leads the SPE Sustainability Technical Section Performance Sub-Committee. Most recently as steering committee member and participant in SPE GAIA Summit, she is one of SPE's thought leaders for sustainability.

Flora has also created sustainability capability and capacity in communities serving on the Houston (Texas) Resilience Committee and as project manager / special advisor to a number of public and private projects. She is the co-designer of a private sustainability investment strategy for Merrill Lynch.

Flora has a diverse consulting background in media, technology and management. She is an award-winning documentary filmmaker.
