E³S ENERGY ECONOMICS & EVALUATION SYMPOSIUM

Asset Management
Technical Section

Methane
Technical Section

Welcome to the Energy Economics & Evaluation Symposium. Explore the forces shaping the EU energy landscape from economic trends and capital flows to asset evaluation, AI and ES-driven decision making.

Special Session

2026 Student Energython – EU Regional

The future of energy is being designed today, and the results are nothing short of electrifying. Organisers are proud to announce the finalists for the Energython: "Molecule to Megabyte" Challenge, a high-stakes competition where student teams design techno-economic models to power the next generation of data centers critical for Ai.

Meet the Finalists
