

Graduate Scholarships

Morris Muskat Level

The SPE Golden Gate Section (GGS, <http://connect.spe.org/goldengate/home/>) is pleased to announce two scholarships will be awarded to graduate students this 2014 school year. Both Masters and PhD students are eligible to apply. The scholarship amounts are \$1250 and \$1500, for a Masters student and a PhD student, respectively.

The graduate students must be pursuing their studies or conducting research in energy and petroleum related subjects within the geographic area represented by the SPE GG Section. They must maintain a GPA of 3.3 or above in their major field of study and be active student members. Each candidate will be evaluated on his or her scholastic achievement and citizenship and professional volunteer work. All information supplied on an application should be verifiable by the Scholarship Committee. Verification of the applicant's information may be supplied from various references, professors and school administrators.

The deadline for submittal of the completed application: June 15, 2014.

Decision will be at board meeting on end of June, 2014.

Application forms may be accessed from GGS website connect.spe.org/goldengate/home
