Megan Silva is the Environmental and Regulatory Manager for Aera Energy. Megan grew up in Montana and graduated from Montana Tech with a degree in Petroleum Engineering in 2003. She began her career as an offshore drilling engineer in the Gulf of Mexico before moving into roles in production, human resources and operations excellence. Megan joined Aera in 2011 and was the Engineering Manager of MWSS before accepting her current position in September 2016. She is now responsible for working with all agencies at a local, state and federal level ensuring organizational compliance while advocating for effective future regulations.

Megan is also the proud mother of twin 5 year old boys and enjoys teaching fitness classes.
