## **Announcement**

Workshop on

### **Practical solutions for life cycle extension of oil and gas wells**

14-15 November 2019

Organized by SPE HUN Section

The workshop with the title of **Practical solutions for life cycle extension of oil and gas wells in CE European Region** organized by SPE Hungarian Section will be held on **14-15 November 2019**.

This meeting aims to provide a platform for the knowledge sharing, innovations, showing ongoing projects and sharing the best practices, experiences in oil and gas production of our region.

The topic in this workshop will cover novel techniques, tools, and modeling approaches in analyzing, verification, and maintaining wellbore integrity and barrier assurance during well construction and completion phases, including some of the enhancements in assessing and managing well integrity issues.

Presentations will highlight the best practices on

- Recent advancements in drilling, cementing modelling and model validation
- Completion & Workover
- Drilling fluids
- Horizontal and multilateral wells
- HPHT wells
- Latest practices for zonal isolation
- Reservoir stimulations
- Production optimization
- Environmental Sustainability Challenges as Opportunities
- Other disciplinary solutions

Your participation and contribution at this event would be uniquely important. Your support and commitment would be the number one priority in order to make this event a success.

The venue will take place at Hotel Silvanus, 2025 Visegrád, Panoráma str 2. (<https://hotelsilvanus.hu/hu>)

#### **Workshop Format**

It is intended to carry out this workshop in the same manner as any other SPE workshop: maximize the exchange of ideas among attendees and presenters through brief technical presentations followed by extended Q&A periods. Focused topics attract an informed audience eager to discuss issues critical to advancing both technology and best practices. The majority of the presentations are in the form of case studies highlighting achievements and lessons learned in the development and application.

The organization team calls for technical speakers to the event. 30 minutes will be available for every presenter including 10 minutes for the Q&A periods. The presentations must be prepared in a PowerPoint format.

## Documentation

Proceedings from the conference will not be published; therefore, formal papers and handouts are not requested of speakers or panel members. All the presentations of the conference will be available to attendees at the SPE Hungarian Section official website.

## Registration

**Registration deadline is November 04, 2019.**

For registration please use this direct link: <http://manpower.atw.hu>

## Workshop Fee

**SPE members: 200 EUR/person**

**Non-members: 260 EUR/person**

**Students: no registration fee**

**Speakers: no registration fee**

**Number of attendees is limited, please indicate your interest ASAP.**

**SPE Hungarian Section Bank Account Number: 10102244-13569906-00000009**

**IBAN: HU1410102244-13569906-00000009**

Conference Fee includes: Conference attendance, technical session costs, materials, dinner, coffee breaks, and receptions. **Accommodations are NOT included** in the conference registration fee.

Organization team:

György Palásthy, Chairman SPE Hungarian Section

Zsolt Molnár, Program Chairman SPE Hungarian Section

Dániel Tóth, Student liaison SPE Hungarian Section
