Tonia Cable, CRA

Sr. Grants and Contracts Administrator | Atrium Health

Tonia is a Certified Research Administrator (CRA) and has comprehensive experience in the pre- and post-award administration of sponsored programs in both healthcare and university settings. Currently, she is the Manager of Award Administration at Atrium Health where she oversees non-financial post-award administration from award acceptance through close out, including activities such as contracting, subrecipient monitoring, non-competing continuations and prior approval requests in the central office. During her eight years of experience, she has had various roles throughout the award life cycle including proposal review submission, award administration, Conflict of Interest, and high level initiatives such as F&A rate proposals and serving on institutional committees for operational excellence among research faculty, department and college level administrators and the central office.
