Genevieve deLemos

Partner | deLemos & Wever, LLC

As the former Research Compliance Officer for Atrium Health, Genevieve provided regulatory support on a variety of issues for the research program including the proper conduct of research, billing, policy and program development and conflicts of interest. Prior to joining Atrium Health, Genevieve worked as a healthcare and compliance lawyer for Genzyme Corporation where she managed internal and government compliance investigations, provided legal advice on a variety of regulatory and industry requirements and supported the free drug programs. Prior to her legal career, she worked as a research associate on a variety of BRCA1 and 2 studies and spent several summers working in a lab. B.A. University of Pennsylvania, 1998; J.D., Temple University Beasley School of Law, 2004. Admitted to practice in Massachusetts.
