

2022 FULLER W. BAZER SSR INTERNATIONAL SCIENTIST AWARD CRITERIA AND APPLICATION PROCESS

FULLER W. BAZER SSR INTERNATIONAL SCIENTIST AWARD FUND

(supported by Fuller Bazer)

The Fuller W. Bazer SSR International Scientist Award Fund was established in 2017 to support an award presented at the annual meeting of the Society for the Study of Reproduction which recognizes outstanding accomplishments in research and research training by a reproductive scientist working outside of North America, as follows:

Requirements:

- The nominee must be an outstanding International Scientist who has consistently demonstrated excellence in research in reproductive sciences and graduate education at an institution outside of North America.
- An individual must demonstrate outstanding potential for leading and directing scientific research in reproductive sciences overseas.

Application Components to be sent by the Nominator:

1. One nomination letter (max 4 pages) and up to two recommendation letters (max 2 pages each) from members of the SSR.
2. Curriculum Vitae (maximum of 3 pages)

Current Members of the Awards Committee are not eligible to be nominated. View current Awards Committee Members [HERE](#). See descriptions of individual awards for any other specific requirements.

Nominations Deadline is August 15th, 2021. Send nominating materials to: Dr. Melissa Pepling, Chair, SSR Awards Committee, e-mail: awards@ssr.org by August 15th, 2021.

Please send all nomination materials in a single, consolidated PDF file in the order specified above with the file name format AWARDDEE NAME_2022_AWARD NAME, if possible. The preferred method is e-mail to facilitate prompt review by the entire Awards Committee, but please contact Dr. Pepling by email if you must send any nomination documents via a different means.
