SVU IS COMING TO PUERTO RICO.

Vascular Technology and Interpretation Course

December 7, 2013

Hilton Caribe, 1 San Geronimo Street San Juan, Puerto Rico

Call 787-721-0303 and mention SVU for room block reservations.

EARN 7.5 SVU-CME and AMA PRA Category 1 Credits™*

LEARN leading edge practice from a panel of expert surgeons and vascular technologists.

OVERVIEW

Upon Completion of this course the participant should be able to:

- Demonstrate, perform and interpret vascular ultrasound examinations.
- Apply knowledge of the anatomy/physiology of the cerebrovascular system into the Carotid Duplex examination.
- Apply diagnostic criteria and protocols for evaluation of carotid, peripheral venous and arterial, and renal disease.
- Review of carotid criteria and challenging case studies.
- Recognize proper procedures, positioning and techniques.
- Interpret and integrate diagnostic information in preparing preliminary reports.

REGISTRATION

Early Bird Rates (through Nov. 1, 2013)

Only \$95 for vascular technologists and sonographers and \$195 for physicians.

Standard Rates (after Nov. 1, 2013)
Only \$110 for vascular technologists and sonographers and \$225 for physicians.

*This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the University of Cincinnati and Society for Vascular Ultrasound.

The University of Cincinnati is accredited by the ACCME to provide continuing medical education for physicians.

The University of Cincinnati designates this live activity for a maximum of 7.5 AMA PRA Category 1 Credit(s) $^{\text{IM}}$. Physicians should claim only the credits commensurate with the extent of their participation in the activity.

AOFNIDA

5:15 pm

AGENDA	
8:00 am	Welcome and Course Overview
Ultrasound Essentials: Information for Successful Scanning	
8:10 am	Image Optimization and Avoiding Imaging Artifacts
8:40 am	Ergonomics: Avoiding MSK Injuries in Sonography
9:10 am	Hemodynamics 101: What waveforms tell us
9:40 am	Session Break
Cerebrovascular Session	
10:00 am	How to Obtain a Pertinent History Prior to Vascular Exams
10:30 am	Performing Carotid Duplex Exams & Common Pitfalls
11:00 am	Carotid Interpretation Criteria: Is it Time to Standardize?
11:30 am	Carotid Case Study Examples
12:00 pm	Lunch
Arterial Session	
1:00 pm	An Algorithm for Evaluating the PAD Patient
1:30 pm	Physiologic Testing: How to Interpret Pressures and Waveforms
2:00 pm	Arterial Grafts and Stents: Imaging, Criteria and Reporting
2:30 pm	Challenging Arterial Cases
3:00 pm	Session Break
Abdominal and Venous Session	
3:15 pm	Renal Ultrasound Criteria: Native Vessels and Stents
3:45 pm	Evaluation of Aortic Disease and EVAR Follow-up
4:15 pm	What's new in DVT Imaging?
4:45 pm	Venous Insufficiency from Diagnosis to Treatment

Adjourn with 7.5 AMA PRA Category 1 Credits™

WELCOMING

- Vascular Technologists Other Physicians with
- Cardiologists
- Vascular Surgeons
- Radiologists

- an Interest in Vascular Interpretation
- Sonographers
