

List of Tables

Anatomy

Table 1. Lower Extremity Deep Veins	19
Table 2. 1998 and 2011 Terminologia Anatomica for lower extremity deep veins that were deleted, added or had a change in nomenclature.	25
Table 3. Perforators	26
Table 4. Lower Extremity Superficial Veins.....	28
Table 5. 1998 and 2011 Terminologia Anatomica for lower extremity superficial veins.*	35

Venous Vascular Physiology and Hemodynamics

Table 6. Flow/Pressure/Volume Relationships	46
Table 7. Pressure and Flow Relationships of Inspiration and Expiration	48
Table 8. Inspiration/Expiration Flow Changes	49
Table 9. Calf Muscle Pump Dynamics	50

Arterial Testing (Lower Extremity)

Table 10. ABI Protocol Summary	97
Table 11. Diagnostic Criteria for ABI	100
Table 12. University of Chicago Diagnostic ABI Criteria	101
Table 13. ABI Symptoms.....	101

Arteriovenous Testing (Upper Extremity)

Table 14. Thoracic Outlet Examination Protocol Summary...	112
Table 15. Diagnostic Criteria for TOS Disease.....	116

List of Tables

Venous Testing

Table 16. Lower Extremity Venous Protocol Summary	132
Table 17. Thrombosis Descriptions and Characteristics	137
Table 18. Diagnostic Criteria for Venous Duplex.....	143
Table 19. Risk Factors for Acute Deep Venous Thrombosis (Caprini DVT Risk Score).....	147
Table 20. IVC and Iliac Venous Duplex Protocol Summary ..	160
Table 21. Thrombosis Descriptions and Characteristics	162
Table 22. Lower Extremity Venous Insufficiency Examination Protocol Summary.....	186
Table 23. Diagnostic Criteria for Venous Reflux.....	189
Table 24. CEAP Classification	191
Table 25. CEAP Classification (Advanced)	192
Table 26. Duplex Imaging for Venous Ablation Protocol Summary (Pre-procedure)	204
Table 27. Duplex Imaging for Venous Ablation Protocol Summary (Peri-procedure)	204
Table 28. Duplex Imaging for Venous Ablation Protocol Summary (Post-procedure).....	205
Table 29. Diagnostic Criteria for Post-Venous Ablation Venous Duplex.....	205
Table 30. Upper Extremity Venous Protocol Summary	217
Table 31. Diagnostic Criteria for Venous Duplex.....	226
Table 32. Thrombosis Descriptions and Characteristics	247
Table 33. Diagnostic Criteria for Venous Duplex.....	248

List of Tables

Non-Imaging Venous Testing

Table 34. Photoplethysmography Protocol Summary	258
Table 35. Diagnostic Criteria for PPG	260
Table 36. APG Protocol Summary	270
Table 37. Air Plethysmography Normal Values	271
Table 38. Diagnostic Criteria for Venous Filling Index	271
Table 39. Diagnostic Criteria for Ejection Fraction (EF)	272
Table 40. Diagnostic Criteria for Residual Volume Fraction (RVF)	273

Correlative Testing Modalities

Table 41. D-dimer Criteria	281
Table 42. Risk Factors for Acute Deep Venous Thrombosis (Caprini DVT Risk Score)	284
Table 43. Clinical Prediction Criteria for Pulmonary Embolism	285
Table 44. Pioped Criteria (Prospective Investigation of Pulmonary Embolism Diagnosis)	285
Table 45. Clinical Prediction Criteria for Deep Venous Thrombosis (Wells Criteria)	286

Cardiac Effects on Spectral Doppler

Table 46. Summary of Cardiac Effect on Spectral Doppler Vascular Waveforms	302
Table 47. Effects of Cardiac Diseases on the Spectral Waveform	317

List of Tables

Vascular Pharmacology

Table 48. Anticoagulants and Thrombolytics for May-Thurner Syndrome	321
Table 49. Recommendations for Treatment of DVT and PE ..	322
Table 50. Anti-inflammatory Agents	323
Table 51. Sclerosants and Concentrations for the Treatment of Venous Lesions	324

Measurements

Table 52. Lower Extremity TBI Symptoms	332
Table 53. Disease Categorization for ABI/TBI	332
Table 54. Diagnostic Criteria for Venous Reflux	333
Table 55. Venous Refill Time (VRT)	334
