

The ABC Research Committee invites you to present at four exciting events at the 2025 [ABC International Conference](#):

- Research Roundtable (Online)
- Research Roundtable (Long Beach, California, USA)
- Three-Minute Research Pitch (Online)
- Three-Minute Research Pitch (Long Beach, California, USA).

Research Roundtable (Online and Long Beach, California, USA)

The research roundtable aims to exchange ideas on research projects, theories, and methods, ask questions on a 'sticky' problem, and form research collaborations. We welcome participants with expertise in a theory or method of business communication research to describe a current project, explain their approach and data, and indicate the project's implications and applications. Each presenter will describe their project in 5 minutes, and we will then break up into thematic groups for further discussion. Experts in each theme will be invited to attend the roundtable.

Submit a proposal to the Ex Ordo submission portal at <https://abc2025.exordo.com/> by the **March 31** due date. Authors should prepare a title, a 50-word abstract, and up to a 500-word abstract, all written in third person. Remove identifying information from the long abstract and save it as a pdf. Please designate whether you are submitting for the online or Long Beach event. Then mark “Research Roundtable” as the track.

Three-Minute Research Pitch (Online and Long Beach, California, USA)

This event allows presenters to pitch attendees on a research idea or project in three minutes. A discussion about the potential scope of the research, methodology, data sources, and collaboration will follow. This event is suitable for projects at the initial stage.

Submit a proposal to the Ex Ordo submission portal at <https://abc2025.exordo.com/> by the **March 31** due date. Authors should prepare a title, a 50-word abstract, and up to a 500-word abstract, all written in third person. Remove identifying information from the long abstract and save it as a pdf. Please designate whether you are submitting for the online or Long Beach event. Then mark “Three-Minute Research Pitch” as the track.

The Research Committee is dedicated to the advancement of research in business communication. It aims to enhance and promote research by providing a nexus for networking and collaboration.
