RDPG Social at Nutrition 2018

We'd like to invite you to an informal Research DPG meet and greet at Nutrition 2018 on Saturday 6/9 from 6-7pm after the Opening Session at Back Bay Social (http://www.backbaysocialclub.com/) near the convention center. You've just received a google calendar invite to the event. If you are available and going to be at Nutrition 2018, I am looking forward to meeting you!

Member Input: Economic Research Service

The potential consolidation of the National Agricultural Statistics Service and the Economic Research Service at the U.S. Department of Agriculture could result in a loss of research capacity. The Academy would like to impress upon the Trump administration the importance of ERS research activities to our members. Please share how you use ERS reports, data and other publications with Nicole Burda, director of legislative and government affairs at nburda@eatright.org.
