

# Cultural Competency, Diversity and Inclusion Resources

Date: December 2018

The following Academy resources have been identified related to the topics of Cultural Competency, Diversity and Inclusion. All resources are grouped according to the primary segments within the Academy structure to indicate which department, committee, work group or similar is providing the content.

*NOTE: I did not list all of the DPG and MIG efforts in these areas as those lists (groups, webinars, etc). If specific inquiry is needed for any group, please let me know and I'll pull a more focused DPG and MIG list of references for this broad topic area.*
