ACADEMY OF NUTRITION AND DIETETICS FOUNDATION

Donor Report

A Message From

Jean Ragalie-Carr, RDN, LDN, FAND

Academy of Nutrition and Dietetics Foundation Chair, 2016–2017

Dear Foundation Donors, Recipients, Volunteers and Friends,

I am proud to have served as your Chair of the Academy of Nutrition and Dietetics Foundation in 2016–2017 and would like to present our 2017 Donor Report. Your generosity has helped change lives and make a difference with hundreds of Academy members over the last year. That is why I volunteer and donate. Hundreds of members each year receive scholarships, awards, fellowships and research grants through the Foundation. Members of all ages, backgrounds and skill sets. Thousands more participate in our public education programs like Kids Eat Right Future of Food, utilizing Foundation resources to take these programs into their communities.

Our Annual Donor Report recognizes and celebrates your generosity and the great work of our Foundation. Our Foundation is the only charitable organization devoted exclusively to promoting nutrition and dietetics. Although affiliated with the Academy, the Foundation is an independent 501(c)(3) public charity and does not receive any portion of member dues.

ACADEMY FOUNDATION FELLOWS

Jenica Abram, MPH, RDN
Funded by ConAgra Foods Foundation

Lauren Au, PhD, RD
Funded by Academy Foundation Ostensio Fund

Sandra Carpenter, MS, RDN
Funded by Commission on Dietetics Registration

Lindsey Field, MS, RDN
Funded by Abbott Nutrition

Leigh A. Gantner, PhD, RD
Funded by Academy Foundation Ostensio Fund

Janice Giddens, MS, RDN
Funded by Academy Foundation Research Endowment

Elizabeth Yakes Jimenez, PhD, RDN
Funded by General Mills Foundation

Chris Vogliano, MS, RDN
Funded by Academy Foundation Research Endowment

The success and impact of our programs and services are directly attributed to the generous support of our donors. Which have helped the Foundation become a catalyst for Academy members and the profession to come together to improve the nutritional health of the public.

2016–2017 has been a special year for the Foundation. We had the opportunity to kick-off our Second Century Campaign this year with a goal to raise \$5 million dollars over the next five years, and I have been overwhelmed by the response and tremendous support we have received from so many Academy members. The Second Century Campaign builds upon the Academy and Foundation's programs, with emerging projects and global opportunities to meet the growing needs of the public. As the Academy charts its Second Century vision for the future, the Foundation is well-positioned to raise the necessary funds to support these innovative projects, along with the current initiatives of the Foundation in a broader, more visible and global way.

Through our Foundation, Academy members making an impact on the health and nutrition world through Foundation scholarships, awards, and research are truly inspiring and make my job extremely rewarding. On behalf of the thousands of students, nutrition and dietetics practitioners, and children who benefit from the Academy Foundation's initiatives, thank you for your generosity and helping make 2016–2017 a huge success. We can all be proud of OUR Academy Foundation!

Scholarships

The Academy Foundation is the largest provider of dietetic scholarships in the world providing \$1.6M over the last 3 years to more than 1,000 deserving Academy members students at all levels of study.

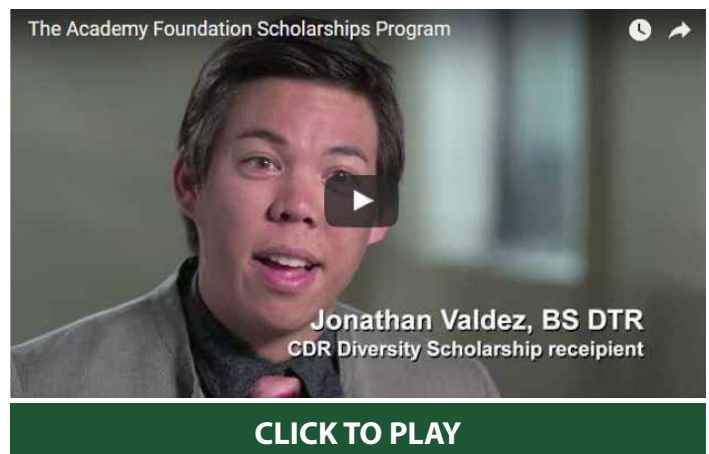

Awards and Research

Through our Awards and Research programs, Academy members have a chance to make a difference and advance the dietetic profession. Academy Foundation research grants elevates the registered dietitian's profile to the public by continuing to position the Academy and its members as the nutrition experts. Our Foundation provides dietetic awards and fellowships to our members that encourage them to grow as professionals and achieve excellence in new and developing areas of food and nutrition. These past and current fellows are examples of how the generous gifts to the Foundation help fund the pursuit of their dietetic aspirations.

Public Education Programs—Kids Eat Right and Future of Food

Our Public Education Programs bring the expertise of RDN's and Academy members into schools and throughout communities, creating awareness and delivering education and resources today that will create a better future for all.

Our Kids Eat Right program is committed to promoting a healthy today and tomorrow for our children while our Future of Food program works to raise awareness of food insecurity and promote access to healthy food and quality nutrition education in food banks.

Second Century Campaign

In 2017, the Academy of Nutrition and Dietetics is celebrated its 100-year anniversary. In this spirit, the Academy and the Foundation began developing a comprehensive plan to push our boundaries and conceive a bold vision for the future—just as our founders did 100 years ago. The Second Century Initiative includes a campaign to fund programs and projects in three focus areas; Prevention and Well-Being, Health Care & Health Systems and Food & Nutrition Security.

century

I DONATED
#oursecondcentury

Our goal is twofold: to partner with other organizations engaged in improving nutritional health worldwide and to position Academy members as leaders in this arena. The Academy of Nutrition and Dietetics kicked off the Second Century Campaign with an initial \$1 million dollar investment and the campaign officially launched at the 2016 FNCE in Boston, MA. Academy member leaders were challenged to set the pace for the campaign and a number of Academy members and distinguished donors have more than matched the initial \$1 million dollars from the Academy, contributing their time, treasure and talent to support this tremendous effort. A goal of \$5 million dollars has been set for this campaign and will run from FNCE 2017 to FNCE 2020!

Sincerely,

Jean Ragalie-Carr, R.D.N.
