

DHCC Annual Report 2013-2014

Report to the Membership Pat Dahlstrom, RD, LD DHCC Chair 2013-14

DHCC would like to “Thank you” for your past loyalty and future support. *You*, the members, are the most important part of DHCC; without our members, DHCC would not exist. It is DHCC’s goal to provide members with the most up-to-date information possible to keep them on the cutting edge of practice. The 2013-14 DHCC Annual Report follows. We are proud of our accomplishments this past year.

Our membership works in long term care (LTC), corrections, home care, and many other venues. As baby boomers reach retirement age, LTC con-

tinues to change and the challenges grow with reimbursement, regulations and increasing populations. It is our goal to provide the very best education and information for our members to meet the challenges that face them every day while providing nutritional care to their residents/clients.

DHCC provided many Member Services for our members in 2013 including the following:

- **Connections**, the quarterly newsletter which is consistently voted the #1 member benefit. Each issue has CPEU credits!
 - ◊ Past issues are posted in the members’ section at www.dhccdp.org
- **UPDATE!** A mini newsletter published electronically throughout the year focusing on current hot topics of interest to our members.
- Webinars/Continuing Educa-

tion – free or at a reduced rate for members. Each has CPEU credit available.

- Publications – the ***Pocket Resource for Nutrition Assessment*** was updated in 2013. The best review comes from a recent purchaser: “I ordered this book along with others to compare and decided this is THE book.”

PreFNCE® Workshop *Deep in the Heart of Nutrition: Beyond the Clinical Basics* at FNCE® in Houston.

Sessions included:

- *Enteral Feeding Delivery: Understanding More than Just the Formula*, Linda Lord, NP, CNSC
- *M&M’s of Diabetes Management in LTC – Meds, Monitoring, Meals & Malpractice*, Kathy W. Warwick, RD, CDE; Sarah E. Williams MS, RD,LD, CDE
- *Pre & Probiotic Therapy: Restoring Microbiota from Antibiotics and Laxatives*, Jennifer Sallit, PhD, RD
- *Hospital Readmission: What is*
