❓ **Mission:** Provide a forum for professional development and support of dietetics, optimal nutrition and well-being for the general public, particularly those of African descent.

Vision:

* Lead in the planning, implementation and evaluation of food, nutrition and health service delivery to African American communities.

- Promote professional practice, research, and educational advancement.
- Promote cultural competency of NOBIDAN members.
- Strengthen the influence of the Member Interest Group on professional organizations, policy makers, government, and other identified entities through coordinated action.
- Highlight the contributions of member dietetic practitioners with significant contributions to the Academy and profession.
- Support leadership development and promote member service utilization.
- Identify, mentor and support future African American dietetic leaders in the profession.
- Maintain a resource directory of NOBIDAN dietetic practitioners and those interested in supporting the Member Interest Group.
