The Nutrition Informatics Sub-unit held an Open Session at the CNM Symposium which was well attended. Members had a chance to learn what the Nutrition Informatics Sub-unit has been researching and to have a dialog on member needs.

## **CNM DPG Delegate to the American Dietetic Association (ADA) House of Delegates (HOD):**

Beginning in June 2010 the ADA HOD will function under a new delegate structure. Each DPG will be able to have a delegate on the ADA HOD. The delegates will be phased in over the next 3 years. CNM submitted a request and was approved to have our delegate representing CNM membership beginning June 1, 2010. The term of office is 3 years and is an elected office via CNM ballot. Our first delegate will be Ann Childers, MS, RD, MHA

## **Newsletter:**

A previous year survey was sent to the membership regarding the ease of access to the electronic newsletter. Over 90% of the respondents stated they could easily access the electronic newsletter.
