U.S. Tax Day Moves to July 15

The IRS has extended the April 15 deadline for tax filing and payment to July 15. Utah has also extended the filing and payment deadline to July 15.

Economic Impact Payments

Tax filers with adjusted gross income up to \$75,000 for individuals and up to \$150,000 for married couples filing joint returns will receive the full payment. For filers with income above those amounts, the payment amount is reduced by \$5 for each \$100 above the \$75,000/\$150,000 thresholds. Single filers with income exceeding \$99,000 and \$198,000 for joint filers with no children are not eligible.

Eligible taxpayers who filed tax returns for either 2019 or 2018 will automatically receive an economic impact payment of up to \$1,200 for individuals or \$2,400 for married couples. Parents also receive \$500 for each qualifying child.

Distribution of economic impact payments

The payments will be distributed automatically, with no action required for most people. However, some seniors and others who typically do not file returns will need to submit a simple tax return to receive the stimulus payment. Please do not call the IRS about this.
