- **Design roles and responsibilities** for effective cybersecurity governance.

WHAT YOU WILL LEARN:

- Hot Topics in Technology, Security, and Fraud
- Risk Management
- Policy and Procedures
- Audit Programs
- Governance

TESTIMONIAL:

"I was fortunate enough to be involved in the first offering of the certification program and due to the program's benefits, I continue to renew each year. Each year I learn something new and more innovative ways to grow the bank's program. SBS has been a resource not only for their certification programs, but also as a security partner."

- Rachel Losey, PA
