What leadership skills and talents make you a good candidate?

I have been fortunate to have served in various roles furthering the mission of URMIA: Professional Development Cmte Co-Chair, Honors Cmte member, New Members Cmte member, Conference Ambassador, Mentor, Board Member (2021-2025) and Las Vegas Conference Chairperson.

I believe my biggest strength is the ability to engage and collaborate with my fellow risk managers. The ability to listen to their ideas, empower others and look at the big picture are what identify me as a self-less, empathetic leader. I also believe my passion for what I do as a risk manager and my commitment to URMIA and its core values are a big part of who I am and identifies me as a leader who is willing to set the example by "rolling up my sleeves" and doing the work.

What would you bring to the board (e.g., thought leadership, talent, skillset, ability, etc.)?

I would collaborate with my fellow board members, keep an open mind as I listen to others ideas and focus on finding common ground to come up with how best to serve our members and grow URMIA.
