Launch Commuter Conference Concept

Research Task Force

Governance Task Force-

Analyze, review and update bylaws to reflect the current state of operations of URMIA and to determine if the current structure of committees and staff responsibility are adequate to meet the needs of an ever-growing association.

50th Celebration Task Force

URMIA's 50th Annual Conference anniversary will be a year-long celebration of the association. Primary goals will be to:

- Engage current members
- Celebrate the URMIA community
- Tell the human story of risk management in higher education
- Build relationships with key stakeholders
- Strengthen the URMIA brand

The 50th Celebration Task Force will exist to plan and manage this milestone, we will kick it off in Salt Lake City at the 49th and then the AC19 team will have responsibility.
