Event producers accepted for USASF membership after June 1, 2009 must be in business successfully conducting competitions for 3 years before they will be approved to hold USASF sanctioned competitions. Documentation and/or proof of holding legitimate and safe events may be requested by the USASF before approval. A competition will be sanctioned only if the management or executive staff of the event producer conducting the event has at least three years experience conducting competitions. USASF Member Event Producers with less than 3 years experience may communicate they are USASF members “following” the USASF Dance Event Sanctioning Standards but will be under review by the USASF through the completion of the 3rd year of experience. They may only use the words “Provisionally Sanctioned Event” until their third year of conducting events is complete and the events they wish to have sanctioned meets all other sanctioning criteria.
