18-19 Dance Worlds Bid Guidelines

Overall Guidelines:

1. USASF membership is open to every company. However, not every company member will automatically qualify to conduct sanctioned competitions and/or give Dance Worlds bids.
2. If a company is a Tier 1 or Tier 2 USASF Member paying dues, then fees are waived for Dance. If a company is not a Tier 1 or Tier 2 USASF Member paying dues, they would have to pay Tier 2 dues.
3. All company members are required to complete and sign:
 1. USASF Company Member Application that includes the agreement: 1) with the mission of the USASF, 2) the USASF rules, safety rule and sanctioning standards, and 3) conducting business in a way that will support and further the mission of the USASF and 4) the terms and conditions of the USASF Company Member Agreement.
 2. USASF Company Member Agreement
4. Companies giving any Worlds bids must fully comply with the USASF Dance Sanctioning Minimum Standards.
5. The decision to sanction USASF member companies to give Dance Worlds bids will be based on the criteria below. The goal is to not over saturate any given market with Dance Worlds bids such that the competitive value of the bids is diminished. In addition, the Sanctioning Committee will consider the other following criteria:
 1. The date the company or sister company became a member of the USASF,
*Sister company is defined as a company who has a cheer counterpart that already gives USASF Cheer bids. Each company can only have one sister dance company.
 2. The location of the competitions they desire to give bids,
 3. The number of bids being given by other companies in that market,
 4. The date of the nationals
6. Companies giving any Worlds bids must fully comply with the Worlds logo requirements, including the proper usage of specific partially paid bid logos.
