

STYLE GUIDE  
July 2018

# UTC STYLE GUIDE

---

This style guide provides direction for our most important brand elements. Effective September 1st, 2017, all digital, print and other communications should reflect these guidelines.

These guidelines contain the basic building blocks to create communications in the UTC “style.” When used appropriately and consistently, our brand expression will solidify our standing in customers’ and prospects’ minds.

If you have any questions regarding the UTC brand or these guidelines, please contact Marketing at [marketing@utc.org](mailto:marketing@utc.org).

All brand elements can be downloaded at [utc.org/company-logos](http://utc.org/company-logos).

# LOGOS, FONTS AND COLORS

---

## UTC MAIN LOGOS GUIDELINES

The following standards apply for all logos in all communications, including the web, print collateral, digital presentation materials, news articles, event signage, stationery, direct mail and promotional items.

### THE COMPONENT

The UTC logo is comprised of two components: the UTC elliptical word mark and Utilities Technology Council to the right of the word mark with <sup>TM</sup> (Trademark). The UTC logo can be shown as a full logo and an elliptical logo. No configurations other than the two pictures below.

FULL UTC LOGO

ELLIPTICAL UTC LOGO

# CLEAR SPACE AND MINIMUM SIZE

## PRINT AND ONLINE STANDARDS

Maintaining a clean and uncluttered space around UTC logo maximizes the visual impact of this key brand element. Setting a minimum size helps to ensure the logo is always legible and has maximum impact.

### DOs

- Always maintain a minimum clear space between the logo and the edge of a page, package, promotional product, vehicle wrap or sign.
- Use the specifications as shown below to define the appropriate amount of clear space. Use the "U" in Utilities as a guide to determine the correct amount of clear space needed to display the logo with text, graphics and other design elements.

### DON'Ts

- Don't use less than the minimum clear space.
- Don't "lock up" the logo with other words, images or logos, except in rare instances approved by UTC Marketing Department.
- To ensure legibility, don't reproduce the full logo smaller than 2 inches (5.08 cm) wide for printed materials and ideally, 144 pixels for online presentations.
- Don't reproduce the elliptical logo smaller than 1 inch (2.54 cm) wide for printed materials and 72 pixels for online presentations.

# PRINT APPLICATIONS

---

## COLOR VARIATIONS OF LOGO

The UTC logo was originally created in Adobe Illustrator. These vector-based EPS/AI files can be reproduced at any size without compromising quality.

### DOs

- Always reproduce the logo in one color on a white background whenever possible (this is the preferred version of the logo). The color is blue (please refer to color detail on page 7) as specified in these guidelines.
- When production constraints do not allow the use of the one-color version, use the black version of the logo.
- Whenever production constraints to a dark background color, please refer to the white color logo.

### DON'Ts

- Don't reproduce the logo in colors other than those specified in this document.
- Don't place the **BLUE** color logo on a patterned background or dark background which impairs readability. Please refer to the white logo for such placement.

# IMPROPER USE OF LOGO

---

## LOGO GUIDELINES

- Don't attempt to re-create any portion of the logo.
  - While the elliptical logo may be used by itself, do not at any time use the company name as stand alone logo.
  - Don't rotate, skew, redraw, re-proportion, or otherwise alter or distort the logo or its elements in any way.
  - Don't combine the logo with any other element—such as logos, words, graphics, photos, slogans or symbols—that might seem to create a hybrid mark.

# UTC COLOR PALETTE

## UTC COLORS

For the best print quality reproduction and worldwide consistency, UTC colors should be printed as solid PANTONE® colors.

### DOs

- Always use the approved color palette shown below.
- Display UTC logo using the PANTONE color.

### DON'Ts

- Don't use colors other than the approved colors shown here.
- Don't apply uneven gradients.
- Don't add texture or background visual elements.

	PANTONE (PMS)	CMYK (FOR PRINT)	RGB (FOR WEB)	HEX
PRIMARY COLOR	PMS 7468	C97 + M45 + Y26 + K3	R0 + G115 + B154	007299
SECONDARY COLOR	PMS 7697	C100+ M55 + Y33 + K40	R0 + G70 + B97	004661
SECONDARY COLOR	PMS 552	C25 + M6 + Y7 + K2	R183 + G210 + B221	b7d2dd
SECONDARY COLOR	PMS 344	C35+ M0 + Y45 + K0	R170 + G215 + B165	aad7a5

# CORPORATE FONTS

---

## FONT OPTIONS

- To help establish a consistent and credible brand style the Century Gothic family has been chosen to allow for flexibility and individuality, while also ensuring universality across software programs and online applications. [Click here](#) to download the Century Gothic font family.

# MOST COMMON MISSTEPS

---

1. We do not use the oxford comma. In a series, we only add the comma before the final "and" if the list is long and wordy or it is difficult to understand and the last two items are not compound.
  - a. Ex: Our industry requires a good understanding of advocacy, regulations, telecom, and technology. ---in this instance, telecom and technology are not one compound item and so it would be good to use the oxford comma.
2. Punctuation inside the quotation marks.
  - a. "This is correct."
  - b. "This is incorrect".
3. Comma with compound sentence
  - a. If the two sentences can stand alone, there should be a comma before the conjunction.
    - i. My utility deploys its own telecom network, and it also relies on carriers for its critical service.
4. Headlines
  - a. Not all small words are lower case
    - i. "To be" verbs for example get caps.
      1. Ex: The Word on Capitol Hill Is that UTC Rocks!
  - b. All words at the beginning of the second line of a title are caps
    - i. Ex: Congress Awaits UTC's Rebuttal  
To the FCC NOI Before Making Decision
5. ONE space after the period at the end of the sentence. NOT TWO!
6. Grammar in subject lines for emails counts!
7. Always always always spell out the proper name of acronyms in the first use. If that use is the first sentence and makes the wording clunky, make sure the very next use is the spelled out proper name.
  - a. This does **not** count for titles.
8. Time format
  - a. 9 a.m. EST
  - b. noon, EST
9. Bulleted list---consistency, consistency, consistency
  - a. The structure of each bullet **must** be the same---if you start with a verb in one, you start with a verb in all---if one is a complete sentence, all must be complete sentences---if you start with incomplete sentences all must be incomplete sentences.
  - b. Period or no period, that is the question. The answer is, no hard rule on this. But if you use punctuation then all must have punctuation. If you don't, none can.
  - c. For publications, UTC follows AP style and therefore uses dashes instead of bullets.
10. Capitalization on the word "member:" AP says no caps. UTC core member is correct.

# LIST OF ACRONYMS

---

- AGA —America Gas Association
- API—American Petroleum Institute
- APPA—American Public Power Association (electricity)
- AWWA—America Waterworks Association
- CIP—Critical Infrastructure Protection
- DHS—Department of Homeland Security
- DOD – United States Department of Defense
- DOE—United States Department of Energy (government)
- EEL—Edison Electric Institute (electricity)
- EPRI—Electric Power Research Institute
- FCC – Federal Communications Commission
- FERC—Federal Energy Regulatory Commission
- FNPRM—Further Notice of Proposed Rulemaking
- IEEE—Institute of Electrical and Electronics Engineers
- NARUC—National Association of Regulatory Utility Commissioners (US)
- NAWC—National Association of Water Companies
- NERC—North American Electric Reliability Corporation
- NTIA—National Telecom & Information Administration under Department of Commerce
- NOI—Notice of Intent or Notice of Inquiry or Notice of Investigation
- NOPR or NPRM--- Notice of Proposed Rulemaking
- NRECA—National Association of Rural Electric Cooperatives (electricity)
- OSHA—U.S. Department of Labor Occupational Safety and Health Administration
- PLC—Power line communication (electricity)
- RM—Rulemaking
- SCADA—Supervisory control and data acquisition a remote control and telemetry system used to monitor and control the electrical system

# PUBLICATIONS STYLESHEET

---

## CONGRESS/CAPITOL HILL, FEDERAL AGENCIES, COURTS

For contributions to UTC's external publications, notably the UTC Journal and Industry Intelligence, please do the following:

### MEMBERS OF CONGRESS

- First reference: Representative/Senator First Name Last Name (Party-State abbreviation)
- Examples: Representative Richard Hudson (R-NC); Senator Kamala Harris (D-CA)
- Second reference: Representative Hudson; Senator Harris

### LEADERSHIP

For Members of Congress who hold leadership positions, please do the following:

- First reference: Senate Majority Leader Mitch McConnell (R-KY); House Minority Whip Steny Hoyer (D-MD)
- Second reference: Senate Majority Leader McConnell or Majority Leader McConnell; House Minority Whip Hoyer or Minority Whip Hoyer

*If the Member is chairman of a Committee, please do the following:*

- First reference: House Energy and Commerce Committee Chairman Greg Walden (R-OR)
- Second reference: Chairman Walden

*Please refer to Subcommittee chairs as follows:*

- First reference: House Energy and Commerce Committee Subcommittee on Power Chairman Fred Upton (R-MI)
- Second reference: Chairman Upton

*If the story refers to the Chairmen of both a Committee and Subcommittee, list the Committee Chair first, followed by the Subcommittee Chair.*

- Example: "Chairman Walden and Subcommittee Chairman Blackburn said the bill will..."

**Note:** House Energy and Commerce Committee Subcommittee on Communications and Technology Chairman Marsha Blackburn prefers to be called "Chairman." UTC Style will use the language preferred by the individual in this position. Please check their Websites to determine their preference.

### CONGRESSIONAL COMMITTEES/SUBCOMMITTEES:

*On first reference, please use the full name of the committee.*

- Example: "The Senate Energy and Natural Resources Committee today approved the nominations of ..."
- On second reference, you may use other descriptors such as "the panel" or "the Committee."

*For subcommittees, please list the full name of the committee, followed by the name of the subcommittee.*

- Example: "The House Energy and Commerce Committee Subcommittee on Energy and Power last week voted out legislation to ..."
- On second reference, you may use other descriptors such as "the panel" or "the Subcommittee."
