#### Conditions

#### Rationale

Interpretation:: The 12/20/12 Staff Interpretation does not apply to Folds of Honor since the organization provides scholarships to prospective student-athletes. A 6/6/91 Official Interpretation precludes donations to any organization for purposes of raising funds to provide financial assistance to high-school students to attend the collegiate institutions of their choice. However, the staff has provided flexibility in situations in which an organization may provide scholarships to prospective student-athletes and also supports other causes that do not involve prospective student-athletes. An institution may provide donations to such organizations, provided is not involved in the identification or selection of scholarship recipients and funds raised from the institution's donation go to other causes than for providing scholarships to prospective student-athletes.
