Promotional Opportunities

The WSAE Women's Forum presents its second annual conference entitled: Women Empowered: Building a Community. This conference will bring together women and allies working in the association, non-profit and hospitality industries to learn from each other, share ideas, empower one another, celebrate successes and ignite meaningful relationships. Additionally, this conference will provide an experience that inspires women in our community to participate and support the development of women in their careers and as leaders.

We have planned an outstanding program featuring a diverse group of women leaders and professionals delivering concurrent sessions, panels, networking and collaboration with industry and local partner organizations.

Indicate your selection by checking the appropriate box (opportunities available on a first-come, first-served basis):
