

There are no more excuses.

WOMEN'S EQUALITY DAY SCREENINGS AUG 26, 2016

**EQUAL
MEANS
EQUAL**

July 11, 2016 - Los Angeles, CA

We are so excited to have you join us as an EQUAL MEANS EQUAL hub screening organizer!

Here are a few guidelines and logistics as we begin to plan our nationwide Women's Equality Day events which will all take place on **Friday August 26th**:

1. The film must be screened at a proper movie theater; equipped with a Digital Projection System compatible with the DCP format and a 5.1 Dolby Sound System.
2. We will provide you with **EQUAL MEANS EQUAL** (in a digital DCP format), waiving all screening fees.
3. You will be responsible for any theater fees and postage costs.
4. We encourage you to partner with other organizations with the goal of equality, either a branch of one of the many multi-chapter organizations in the ERA Coalition or a local non-profit in your city.
5. Tickets cannot be sold for the event, however it can be used as a fundraiser with a suggested donation per ticket. We need to approve the recipient of said funds.
6. For this event, the film cannot be screened at a university, college, library or other educational institution.
7. Each screening must have a post-screening panel discussion and talkback so the audience can engage further with the issues brought up by the film, and discuss action steps moving forward. The panelists you choose are up to you, but please let us know who is lined up for the event. If you need help in identifying panelists, we will help you.

We cannot thank you enough for your commitment to equal rights for all Americans and your steadfast support of **EQUAL MEANS EQUAL**. We look forward to continuing the conversation.

With love and much gratitude,
Kamala, Liz, Joel & the EME Team
