

YWCA PERFORMANCE METRICS: YWCA GENERAL HOUSING PROGRAMS

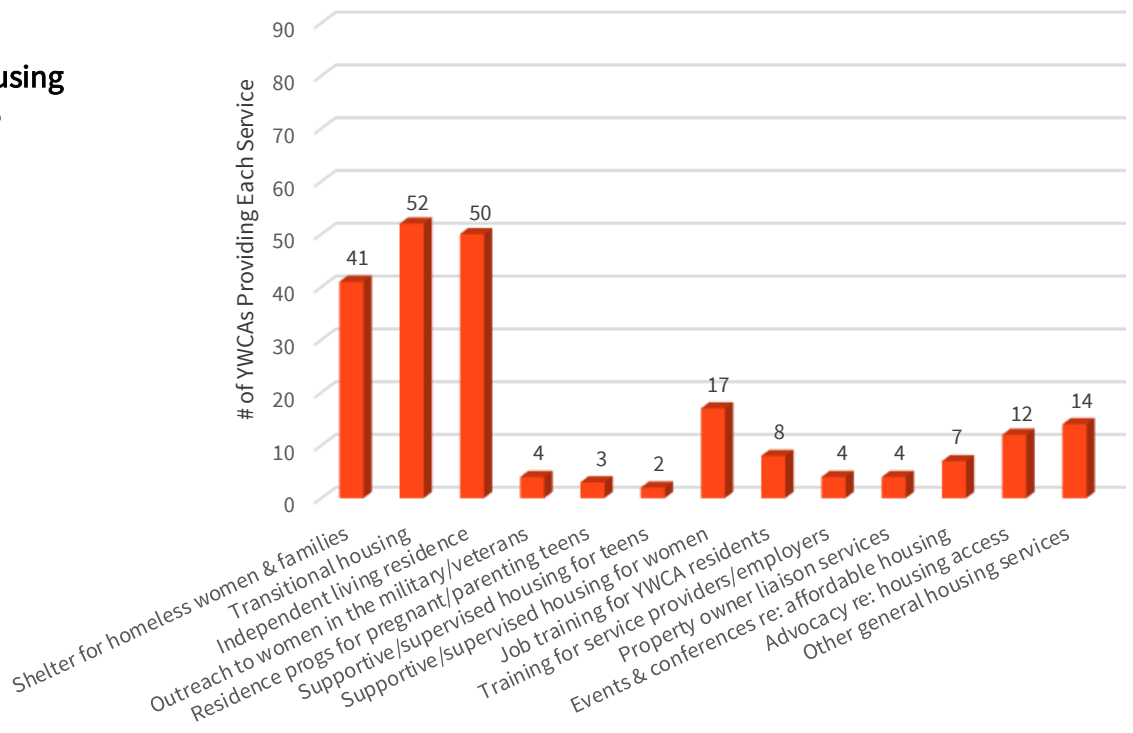

YWCA is dedicated to eliminating racism, empowering women and promoting peace, justice, freedom and dignity for all.

43%, or 88 YWCAs have designated general housing services as one of their major programs. YWCA has provided housing programs since the 1860s that were organized to respond to the needs of young women moving into America's cities and filling jobs in the growing number of factories. Today, working women, women in transition, women and families in crisis, and women seeking residence-based support services in order to build or maintain their independence are all among those being well-served.

Please find general information about YWCA general housing services on pages 1-5. Site specifics for YWCAs providing these programs are on pages 6-14.

For more detail on any metric, please send inquiries to nationalimpactreport@ywca.org

YWCA general housing programs include these services

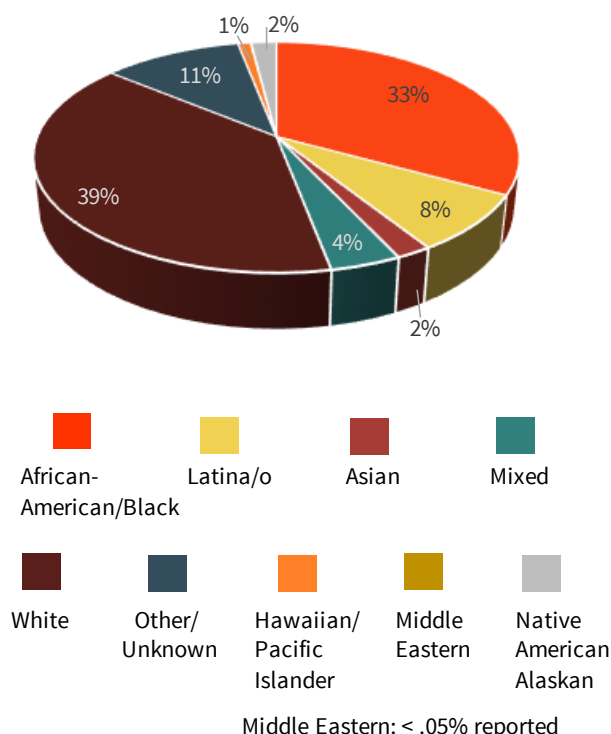

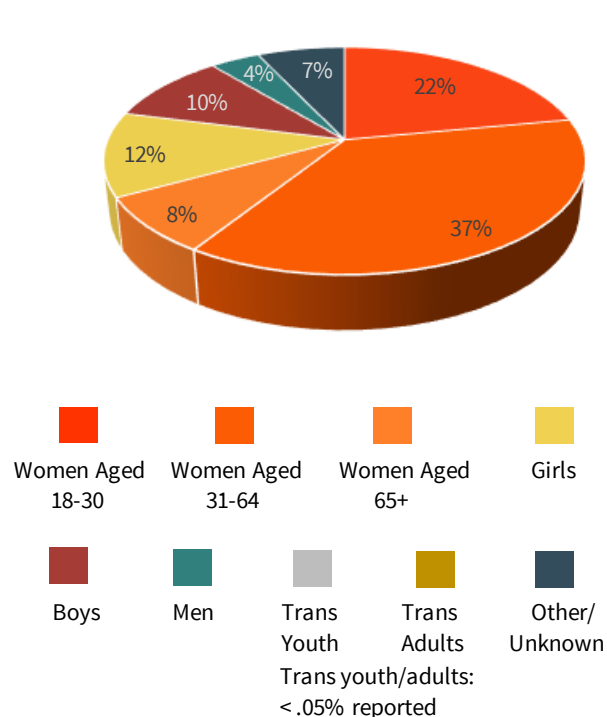

YWCA General Housing Services Lead to:

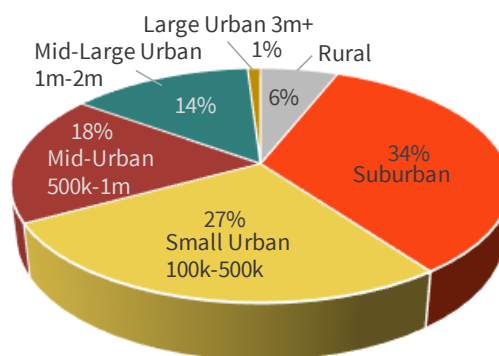

- Safe, affordable accommodations for women seeking independent arrangements
- Safe, affordable accommodations and services for women in transition
- Safe, affordable accommodations and services for women, teens and families who are homeless or at risk of being homeless
- Safe, affordable accommodations and services for women seeking/needing supervised living arrangements
- Safe, affordable accommodations and services for teen mothers

93% of those served through YWCA general housing programs live at or below the federal poverty level.
