

# YWCA IS ON A MISSION

YWCA USA is on a mission to eliminate racism, empower women, stand up for social justice, help families, and strengthen communities. For 160 years and as one of the oldest and largest women's organizations in the nation, YWCA has been at the forefront of our most pressing social movements — from voting rights to civil rights, from affordable housing to pay equity, and from gender-based violence prevention to health care reform.

Today, YWCA combines programming and advocacy to generate institutional change in three key areas: racial justice and civil rights, empowerment and economic advancement of women and girls, and health and safety of women and girls.

YWCA programs annually serve more than 2.2 million women, girls, and families in more than 1,000 locations across the U.S. Worldwide, YWCAs serve more than 25 million women and girls in 120 countries.
